2–3 days · remote delivery
Result document included

🎯 WHO IT IS FOR

- Executive management & department heads
- CISO / IT security owners
- Mid-sized companies and enterprises
- Organizations in regulated environments

Ideal for a clear status picture, priorities and decision-ready next steps.

! BOUNDARIES

- No full ISMS or certification audit
- No technical penetration tests or scans
- Depends on availability of people and documents
- Scope outside the agreed frame only by effort

➔ NEXT STEPS

- Short call (15–30 min) — clarify goals, scope and frame
- Confirm offer and process
- Run quick check (2–3 days)
- Results workshop and report handover
- Support implementation (optional)

Fast information security status overview
Current-state assessment, prioritization and concrete next steps.

You receive clarity, priorities and a reliable plan — without detours.
